"IT SHINES FOR ALL"

AND

Truckee Republican

Consistently Serving the Great North Tahoe-Truckee Recreational Area Since 1869

96th YEAR — NO. 20 | Truckee, Nevada County, California | Thursday, April 22, 1965 | 10c Per Copy—$3 Per Year | Since 1869

Board Is Expected To Form District For Parks May 1

There is every indication that the Nevada County Board of Supervisors at their meeting on May 3 will adopt an ordinance creating a recreation commission and prescribing its powers and duties.

There is also every indication that this ordinance will be opposed vigorously by directors of the Truckee-Donner Park and Recreation District and by Supervisor H. G. Loehr, who represents this end of the county, and whose district embraces the present organized and functioning recreation district.

At a meeting of the Truckee-Donner Chamber of Commerce scheduled for next Wednesday at Donner Summit Lodge, Loehr will read and explain a tentative ordinance which provides that a commission be formed. One form of the ordinance takes into consideration the fact that a present recreation district exists while the short form ignores this fact.

The commission under the proposed ordinance would consist of five members, one from each of the supervisorial districts, appointed by the supervisor in his particular district, plus ex-officio members such as a member of the board, county planning director, health officer or such other county officials as the supervisors may designate.

NO COMPENSATION

All members would serve without compensation but would receive ex-

(Continued on Page 4)

Cushing Opposing Park Regulations

A new regulation permitting state park officials to close down ski facilities has been sharply contested by Alex Cushing of the Squaw Valley Development Company.

Final action on the ruling was withheld after Cushing charged it would lead to confusion.

The ruling was adopted on a 120-day emergency basis in February and allows park officials to decide if weather conditions make closing the facilities necessary to protect the public. The park officials were also given authority to decide on the safety of ski equipment and lifts.

Cushing said that there has been no accidents in two years at Squaw Valley and said the authority to shut down equipment had previously rested with the division of industrial safety. No action will be taken by the commission until its next meeting.

Book Collection For Appalachia Starts

"Books for Appalachia" is a special project of the National PTA. The Truckee Elementary PTA will be one of the 47,000 local PTA units across the nation participating in this project.

Thousands of children living in the Appalachian section of the United States have no school or public library facilities. The goal of the National Parent-Teacher Association is to collect and ship one million books before June 15.

Needed are good children's books on topics of social studies, science, art, poetry, history and fiction. Also included in the list of appropriate titles are biographies, fairy tales, "easy-to-read" books, and picture books. Reference books, encyclopedias and dictionaries are also needed.

The wooden boxes in which the books will be shipped are specially designed to serve as book shelves after they reach their destination. The Railway Express Agency has agreed to ship these bookcase-boxes at a special low rate during this project.

The local PTA chairman of "Books for Applachia" is Mrs. John Houlgate. Anyone interested in contributing books, or money toward the purchase of books, may call Mrs. Houlgate at 587-3365.

TWO ARE HONORED AT SUMMIT DINNER

SODA SPRINGS—Saturday, April 17, a dinner, hosted by the Soda Springs Ski Patrol, was held at the Soda Springs Hotel honoring the patrolman of the year, Fred Nettle of Sacramento.

Guests included officers of the Soda Springs Ski Corporation and their families. Dr. E. O. Hendrickson was honored at the same time on his birthday and was presented with a birthday cake and gift by the Soda Springs Ski Patrol.

APPOINTED TO BOARD

The board of supervisors last week approved the appointment of Robert McWhinney and Thomas E. Turner to four year terms on the Nevada County Planning Commission. Turner will replace Roy Peterson, present board chairman, whose term expires April 30.

Local Jet Pilot Is On Bombing Raid Over Tonkin Gulf

Lt. Dean Beyer, son of Mr. and Mrs. Harry J. Beyer of Palo Alto and Soda Springs and a graduate from the Tahoe Truckee High School, is now on the carrier Midway stationed with the Seventh Fleet in the Gulf of Tonkin.

The young man is now a lieutenant junior grade and is a jet pilot, flying Sky Hawks into North Viet Nam. He made his first mission the Saturday before Palm Sunday which was the latest information received by his parents. The carrier left Alameda Navy Base on March 7 for the Far East.

It will be remembered that Lt. Beyer suffered major injuries, including a broken back, while flying over Guantanamo Bay in 1963 and the plane crashed. He has fully recovered and is once again in action, this time in the heat of a violent war.

Spring Thaw Will Be On Saturday Eve

The 7th annual Spring Thaw will be held this Saturday evening, April 24, at Donner Lake Lodge.

The home cooked buffet will be served between 8 and 11 p. m. A three piece band will be on hand to provide music for dancing. Tickets for the affair are now available from the Nursery School Parents and will also be available at the door Saturday evening.

The funds derived from the affair will be used to benefit the Truckee Co-operative Nursery School.

Entries Mount For Silver Belt Races

SUGAR BOWL—The latest entrants in the Buddy Werner Memorial Slalom on Saturday, April 24, and the Silver Belt Slalom on Sunday, April 25, at Sugar Bowl are Karen Dokka of the Canadian National team; Osvald Ancinas and Werner Shuster of Alpine Meadows, George Schaaf of Sugar Bowl, Dave McCoy of Mammoth Mt., and John Duffy of Van Nuys in the veterans class.

Thor Mjoen of Norway also has accepted his invitation.

Following a new tradition started at the 1964 Silver Belt, members of the 1965 Junior National team will run along with seasoned racers. This gives these promising youngsters an additional crack at international type competition.

Vicki Jones, Greg Dorland, Greg Moore, Dick Neilsen and Lance Poulsen of Lake Tahoe Ski Club are eager competitors.

The entire Swiss National team will be competing and are expected to arrive at Sugar Bowl early this week.

Kenny Osburn Tops Record At Donner

Despite the chilly weather which featured the opening days of the fishing season at Donner Lake, many more ardent nimrods have continued their efforts.

Kenneth Osburn Saturday landed the biggest yet reported for the season when he brought in a 16-pound mackinaw.

Previous records were set by Bob Moore and Charlie Fink with 14 and 15 pounders taken earlier in the season.

The general trout season opens in this area on Saturday, May 1 and with a break in the weather, prospects are excellent and all streams promise to be good, although fly fishing will be delayed because of high water in most cases.

REPUBLICAN WOMEN POSTPONE MEETING

TAHOE CITY — The second "School of Politics" session, sponsored by the North Lake Tahoe Women's Republican Club, scheduled to be held on April 28th at the California Alumni Center has been postponed according to President Fritzi Briner. The session will be held instead on Wednesday, May 19th at 8 p.m. at Sunnyside Lodge and the guest speaker of the evening will be State Assemblyman Eugene Chappie.

All members of the community are invited to attend this meeting which will feature a discussion of the state legislature and pending legislative measures which are of interest to our area.

Governor Urging Sugar Pine Point Purchase By State

Governor Edmund G. Brown this week outlined a program in a special message to the legislature, urging the state to acquire 15 prime beach and park areas, including the Sugar Pine Project at Lake Tahoe.

The park commission has already approved the projects which would be part of the first phase of the purchase of land under the $150 million recreation bond issue passed by the voters last November.

The governor said the projects approved would add more than 35,000 acres of scenic land and water areas to the state beaches and park system at a cost of approximately $63.8 million.

The governor also proposed the financing of seven top priority projects, including Sugar Pine Point, under the wildlife conservation provisions of the bond issue. An estimated $2.5 million of the $5 million allocated for these projects would be required.

The Sugar Pine Point Project calls for the purchase by the state of 2,260 acres of new state park just north of Meeks Bay on the west shore of Lake Tahoe.

"This may be our last opportunity to acquire a park site of such high quality at Lake Tahoe," the governor said.

The new park would have 9,200 feet of lake frontage and a potential for 1,200 family camp units, 10 group camps, 500 picnic areas and additional parking for 300 cars near the beach.

The Sugar Pine Point Project is the only one of the 15 major projects proposed by the commission and urged by the governor located in this section of California.

Officers Elected For Truckee P.T.A.

The Truckee Elementary PTA held its regular monthly meeting last Monday night. A brief business meeting was held electing next year's officers and revised by-laws were voted on. Officers for next year are: Shirley Gini, president; Muriel Wiser, secretary; Joan Van Sant, treasurer; Marigrey Fish, historian; Barbara Grow, parliamentarian; Pat Sutton, vice president and Ida Clatterbuck, publicity chairman.

Lauritz Lund, Jr., safety director for Sierra Pacific Power, demonstrated the new method of mouth to mouth resuscitation of life saving. Lund presents a tremendous program and everyone present was highly receptive to the method. PTA presented this informative demonstration in conjunction with the areas swimming program. Should Mr. Lund appear again we hope all who could not be present might avali themselves of the opportunity to learn this vital method.

The room count was won by Mrs. Sales and Mrs. Miles won the door prize. Hostesses for the evening were Barbara Grow, Joan Van Sant, Sharon Shultz, Gertrude Rablin, Marcella Greene and Mrs. Osburn.

RAIN SHOWER BRINGS .63 INCH MOISTURE

Rain showers during the past week added another .63 of an inch of precipitation to bring the total for April to 2.16, compared to a normal for this period of 2.26 inches, the U. S. Forest Service reported.

Total precipitation for the season to date is 38.23 inches while the normal for the entire season ending August 31 is only 31,57 inches.

Warm temperatures have been recorded with a high of 61 on Monday for the warmest day thus far during the year.

TESTS TO START TO KEEP TAHOE CLEAN

Arthur J. Inerfield of the state department of water resources announced that first tests will be made April 26 in a joint effort with Nevada and the federal government to keep the waters of Lake Tahoe clean.

Inerfield will oversee the operation and said that several agencies from both states and the federal health service will study the algae. He said the study has no termination date and that laboratory tests will be made frequently.

Bill Introduced To Set Up Authority For Sewer District

Assemblyman Gene Chappie Monday introduced legislation providing for the creation of a sewage district authority at the north end of Lake Tahoe.

The authority will be set up along the lines of a county water agency. "Its purpose," said Chappie, "would be to acquire, construct and operate facilities for the collection, treatment and disposal of sewage, waste and storm waters delivered to it by its member sewage agencies."

Chappie further stated that a great deal of study has been given to different proposals for the exportation of sewage from the North Lake Tahoe Basin and that plan "B" has been approved by a majority of the local sewage agencies.

Plan "B", provides that effluent from the north shore (which extends from Incline Village along the north and west shores of the lake to the . L. Bliss State Park) be pumped to a central collection point such as Tahoe City and thence out of the Tahoe Basin along a route running parallel with the Truckee river.

Assemblyman Chappie has been working in conjunction with Supervisor William Briner of Placer County who has initiated action on the sewage study through the Placer County Board of Supervisors. Briner will head up a special committee with the purpose of implementing the legislation as proposed by Chappie. Chappie called the bill, "one of the most important proposals to come before the 1965 session of the legislature."

Junior Chamber To Be Meeting Object

A meeting will be held tonight in the office of James Harris at the Tahoe Truckee Agency at 7 o'clock for the purpose of discussing the possibility of forming a junior chamber of commerce.

Men between the ages of 21 and 36 are invited to attend and a group from Grass Valley's Junior Chamber, headed by Dick Warriner, president, will be on hand to explain the details to the local people.

Patrolman Gets Aid In Routine Arrest

If it had been required, State Patrolman Van Farris had plenty of help when he routinely stopped a stolen car suspect near Farad Friday.

The car driven by Charles J. Cruickshanks, 23, Richmond, which had been reported stolen in Oakland a short time before, was stopped by the officer and the driver searched. A hitchhiker was also ordered out of the car and told to stand nearby until another officer, summoned to the scene, arrived.

Passing motorists who did not stop, gained the impression that the two men had Farris cornered and as soon as they reached a telephone summoned help. Within minutes, six police cars from the Nevada Highway Patrol and Washoe County arrived on the scene and a service station operator closed his establishment and rushed to aid Farris.

"Just proves the fine cooperation among officers in this area," Farris declared when the excitement was over.

Cruickshank was booked en route to Oakland on the car theft charge.

DONNER COUPLE TO MAKE ORIENT TRIP

Mr. and Mrs. H. C. Hall of Donner Lake will join 35 couples of square dancers in San Francisco from where the large group will enplane for the Orient where they will travel to the most exotic interest points.

Hall said that the tour is to include square dancing events in their honor at Hawaii, Bankok, several Japanese cities and other stops en route.

KEHMS VISIT

Mr. and Mrs. Arthur Kehms and son, Gary, were among the former Truckee residents visiting relatives here during the Easter weekend. Gary is now a violinist with the Junior Symphony orchestra in Sacramento.

The Alan Smiths, formerly of Norden have moved recently from Mountain View to Sunnyvale.

Lions Prepare For Zone Convention Here Next Week

Officers and members of the Truckee Lions Club are completing arrangements for the 1965 convention of District 4-N of Lions International to be held in Squaw Valley April 29, 30 and May 1 when District Governor Leo Curto of Ely, Nevada, will be honored.

A full program for the three days, starting with registration at the Olympic Village Hotel at noon Thursday, April 29, and ending with a presentation banquet there Saturday evening, has been detailed by Club President Lauren I. Russell and his committees from the Truckee club.

A cocktail party and buffet dinner at the California Hof Brau will feature Thursday night's activities. A kickoff breakfast will be held Friday morning at Olympic Village Hotel at 8:30 with Lyle Ball, deputy district governor of Reno, as master of ceremonies. A ladies' breakfast will be served at Squaw Valley Lodge.

The convention will convene at 10 a. m. Friday in the Squaw Val-

(Continued on Page 2)

Private Rites Held For Truckee Man

Private funeral services were held at the Truckee Colonial Mortuary Saturday afternoon at 2 p. m. for Elvery L. Loynd, 65, who expired last Thursday morning following a year's illness brought on by a stroke.

Following the rites here, the body was taken to Berkeley where cremation and interment were at the Sunset View cemetery, beside the body of his late son, Richard.

Members of the family who attended the rites from out of town included Mr. and Mrs. Harold Keuffer of Hayward, Mrs. Blanche Kahle and Mrs. Violet Noyes of San Lorenzo, Harry Loynd of Detroit, Mr. and Mrs. William Loynd and Mr. and Mrs. Frank Loynd of San Francisco and Frank Loynd's son and daughter in law, Mr. and Mrs. Robert Loynd of Berkeley and the latter's daughter, Mrs. Don Goode.

Mr. and Mrs. Richard Ward of Palo Alto and Jimmy Loynd from the University of Oregon also attended the rites for their uncle.

Memorial to the prominent local resident and businessman may be made in donations to the heart fund.

Plans Progress For Flyin Here June 11

Andrew Creglow, manager of the Truckee Tahoe Airport District, reports that plans are progressing for holding the second annual flyin at the airport here on June 11, 12 and 13.

Jack Ellis is chairman from the Truckee-Donner Chamber of Commerce and Tom James is acting in the same capacity for the North Tahoe Chamber. Creglow is officiating as coordinator for the program.

Members of the California Council Aviation Association, numbering some 300, have indicated they will be on hand and arraangements for dinner meetings and a barbecue at the Ponderosa Golf Club are being made.

The date for the flyin was changed from June 25, 26 and 27, due to the fact that some 8,000 members of Job's Daughters will be in the area at that time for a convention to be held at Blyth Arena.

VISITOR AT TAHOE EXPIRES TO ATTACK

Daniel Justin O'Conner, 65, who was spending the Easter weekend with his wife and another couple at Kings Beach, succumbed to an apparent heart attack Sunday morning.

The body was taken to his home in Berkeley for funeral services by the Truckee Colonial Mortuary.

CORRECTION

An error in reporting last week said that William Drulias would be associated with M. H. Dodd at Kings Beach following his return with Mrs. Drulias from a trip to Palm Springs. Drulias will continue as he has in the past with Dave Mays in the real estate business.

Open House Will Be Featured For School Week Here

Public Schools Week, sponsored each year by the Masonic Lodges throughout California, will be observed in the schools of the Tahoe-Truckee Unified District from Monday, April 26 through Friday, April 30.

There will be open house programs, during which students will display their work, and parents and patrons of the schools are invited to call upon their classes, discuss matters with the teachers and inspect the facilities.

Open house at the high school will be held on Monday between 7:30 and 9:30 p. m.

The reception at the three elementary schools, Kings Beach, Tahoe City and Truckee, will be from 7 to 9 p. m. on Wednesday and at Donner Trail school at Soda Springs from 7 to 9 on Thursday.

Confusion Time To Be Started Sunday

Clock watchers will find a diversion Sunday, April 25 when they can set their timepieces ahead one hour to meet the change to daylight saving time which goes into effect at 2 a. m. that day.

It is still pretty hard to determine just what time is saved by the semi-annual maneuver, but there are those who like it and those who don't so we suppose the legislature in establishing the changes throughout the year are trying to please everyone.

Why they don't split the difference and stop the frequent changes, is a moot question.

Those traveling by bus are urged to check the new schedules issued by the D&D Agency, local Greyhound agents. Some of the buses are operating on the new time and others remain on standard time.

Dr. Wiser Renamed To Head Horsemen

At a special meeting of the Truckee-Donner Horsemen's Association Monday evening, Dr. Ray Wiser was renominated to serve as president during the coming year and H. W. (Skip) Guirle was renominated as secretary-treasurer.

There are five candidates for the office of directors to fill three vacancies and they will be chosen at the election scheduled for May 10 at the fire station. The candidates are Jack Boren, Patricia Fox, James McIver, James Ritchie and Ivan Tofft.

Ballots are being mailed out by Guirle and must be returned before the date of the election or members may vote at the meeting May 10.

The association is planning a dance during May, the date and place to be announced later.

DeMolay Boys At South Convention

A delegation of boys from the Tahoe Truckee Chapter of the Order of DeMolay, attended the annual DeMolay convention at Las Vegas. They were Mike Keehn, state senior stewart; Vern Wing, deputy for the chapter; Mike Sauby, Charles Hintz, Greg Pope, Richard Bulman, Chuck Trainor, Len Vind, Gary Waters and Ken Bretthauer. Buck Shane and Bob Tonini were advisors for the DeMolay boys.

The chapter entered into two competitions. The rifle team consisted of five men: Mike Keehn, Greg Pope, Charles Hintz, Mike Sauby and Richard Bulman. In the bowling competition, thec hapter entered a five-man team and doubles. Mike Keehn, Mike Sauby, Gary Waters, Charles Hintz and Chuck Trainor shot in the team events. Vern Wing and Len Vind shot doubles.

On Friday the boys visited Hoover Dam and Saturday night they attended the Sweetheart Ball.

LAKE LEVEL

The Lake Tahoe level on April 21 was 6227.30 feet with only 50 cubic feet per second leaving the lake at Tahoe City.

Daryl DeWalt reported 60 degrees for high temperature on the 19th of April, low for the week on Saturday, at 28 degrees.

Conners, Rivard, Williamson Are Chosen On Board

William Conners of Tahoe City is the only new member of the governing board of the Tahoe Truckee Unified School District.

In Tuesday's election, Conners defeated Mrs. Margaret Birmingham 433 to 315 in Trustee Area 5, while Paul Rivard, the incumbent in Area 4 won over his three opponents with a total of 420 votes. Tommy Kael received 45, Kenneth Sather, 69 and Dr. Richard Tierney, 219, Dale Freeland, who withdrew as a candidate in Area 5 prior to the election, received 65 votes.

Max Williamson in Trustee Area 1 at Soda Springs was unopposed and received a complimentary vote of 654.

There was a total of 769 votes cast in the district, including the 38 absentee ballots.

The vote by precincts was reported unofficially as follows:

SODA SPRINGS

Williamson, 28; Rivard, 14; Kael, 4; Sather, 1; Tierney, 2; Birmingham, 15; Conners, 4; Freeland, 5. Total, 28.

KINGS BEACH

Williamson, 114; Rivard, 60; Kael, 9; Sather, 15; Tierney, 50; Birmingham, 65; Conners, 55; Freeland, 17. Total, 141.

FLORISTON

Williamson, 19; Rivard, 8; Kael, 1; Sather, 0; Tierney, 8; Birmingham, 5; Conners, 11; Freeland, 2. Total, 19.

TRUCKEE-DONNER

Williamson, 175; Rivard, 110; Kael, 11; Sather, 18; Tierney, 59; Birmingham, 130; Conners, 68; Freeland, 29. Total, 209.

TAHOE CITY

Williamson, 307; Rivard, 218; Kael, 19; Sather, 35; Tierney, 97; Birmingham, 94; Conners, 285; Freeland, 12. Total, 392.

SIERRA COLLEGE

Incumbents, three of who were unopposed, for trustees of the Sierra Junior College board, including Hal Welch of Truckee, were re-elected.

Last Rites Today For Fred Rumph

Masonic funeral services, under the auspices of Centennial Lodge U. D. of Incline Village, will be held at the Truckee Colonial Mortuary this afternoon at 1 p. m. for Fred Allen Rumph, 71, who expired Monday.

Rumph, a native of Green River, Wyoming, born September 30, 1893, had been employed at various casinos at Crystal Bay for the past 11 years and resided at Kings Beach. He has been active in Masonic circles and was well known in the area.

He is survived by his wife, Marlea, two sons, Lawrence and Francis both of Long Beach and a daughter, Mrs. Olive Ann Hobbie now in Germany.

Rumph was a past commander of the Veterans of Foreign Wars at Las Vegas, a member of Centennial Lodge at Incline Village, Donner Chapter No. 39, R. A. M., the Scottish Rite, Knights Templar, Royal and Select Masters of California, El Bekal Shrine of Long Beach and other orders.

Following the rites today, the body will be taken to Reno for burial in the Masonic portion of the Sierra View cemetery.

290 Children Enjoy Rotary Egg Hunt

KINGS BEACH—Two hundred and ninety children from Incline Village and Kings Beach, preschool and into the fifth grades, spent a happy day on April 17 when they were the guests of the members of the Rotary Club of North Lake Tahoe at an Easter egg hunt and moving picture show.

All were amply rewarded for their efforts during the search, although special awards were given to the following: Preschool age, Donna Swain, Kelley McAbee, Debra Stewart; kindergarten, Valerie Searcy, Steve Burghardt, Susie Farrier; first and second grades, Jim Sterling, Steve Graf, Christine Westlund, Rex Johnson; grades of 4, 5, 6, Waine Vinciquerra, Ann Gorrinda, Bob Sikorski and Sandy Carter.

PUBLIC HEARING FOR LOCAL GARAGE PLAN

A public hearing on the application of the Alpine Smith Construction Company to erect, operate and maintain a commercial garage on the Brockway Shortcut near the Sierra Mobile Homes, will be heard in the supervisors' chambers in the court house at 7:50 p. m. April 26, County Planning Director William Roberts announced.

It was at first ruled by the planning commission that the garage was not classified as a commercial business, and that no permit was required. However, according to Roberts, the county counsel reversed this ruling and a permit was applied for and the hearing called.

Lions Convention

(Continued from Page 1)

ley Theater with William Briner, Placer County supervisor, making the welcoming address.

SAWYER TO SPEAK

Governor Grant Sawyer of Nevada will make the principal address and there will be committee reports.

Bob Daneri of Kings Beach, deputy district governor will be master of ceremonies at the luncheon Friday at the Olympic Village Hotel and the ladies' luncheon will be held at 1 p. m. at Crystal Bay Club.

A bowling tournament at Reno during the afternoon will be an attraction with the district governor's banquet Friday night at Squaw Valley where the speaker will be John A. Lutter, director of Lions International. A ball will follow.

On Saturday, a key member breakfast will be served at the hotel with Harry LaFavor, deputy district governor from Las Vegas as master of ceremonies. Student speakers will be heard at 8:45 a. m. and the convention will reconvenue at the theater at 10:30 a. m. for a general business session.

A presentation banquet Saturday evening will be held in the Olympic Village Hotel and awards and gifts and the introduction of the new officers.

Following the luncheon the election will be held and the 1966 convention place selected.

COMMITTEE MEMBERS

A series of activities for both the members and their wives is planned throughout the convention period.

Jack Houlgate is general chairman of the local committee, assisted by Dick Bollin, Frank Giovannoni, Bob Seibold, Roy Waters, Jack Marquette, Bill Englehart, Les Hadley, Andy Creglow, Chuck Baker, Zeph Rose, N. F. Dolley and for the ladies Mrs. N. F. Dolley, Mrs. L. I. Russell, Mrs. Les Hadley and Mrs. John Houlgate.

On November 22, 1943, Tarawa was declared secured. The battle for this island was one of the fiercest in Marine Corp history. The initial assault was was pinned down at the water's edge, after having to wade 500-900 yards from grounded landing craft. Though the Japanese were deeply entrenched in fortifications often reaching a thickness of 15 feet, more than 4000 were annihilated. Marine casualties were 2,037 wounded and 913 killed or missing.

What in the WORLD! by TED

Paper Pile-Up

From first-hand experience, the United Nations warns that civilization has a paper tiger by the tail — a problem stemming from increased bureaucratic, commercial and scientific record-keeping.

Within the U.N. itself, a committee is studying ways of trimming unnecessary verbiage to save time, money and space. A single year of U.N. speeches, reports and debates, for instance, runs to 100 million words, the equivalent of a thousand 300 page novels!

The U.N. Educational, Scientific and Cultural Organization (UNESCO), concerned with the preservation and dissemination of knowledge, notes that the problem is particularly acute in science. UNESCO estimates that every month, new scientific information adds published material equal to a 1640-foot pile of paper — a stack 390 feet taller than the 102-story Empire State Building.

Microfilm, computer storage and similar technological techniques are spreading. But even so, UNESCO warns: "Science is in danger of drowning in its own information."

For further information on the U. N., write to: United Nations Association of the U. S. A., 345 E. 46th St., New York, N. Y. 10017.

Is It Fact Or Fiction?

As man probes deeper into space, his curiosity about this new, exciting frontier continues to grow. Our knowledge of space has increased a thousand-fold during the past ten years, yet many misconceptions still remain. Here is a fact or fiction quiz compiled by researchers for the Thiokol Chemical Company. What do you really know about space?

1. The Greeks were first to use the modern rocket principle.
2. During summers on Mars the temperature reaches 50°F.
3. The heavier a body the faster it falls to earth.
4. The Soviet Union has the most powerful rocket motors.
5. It's five times easier to escape the moon's gravity than the earth's.

ANSWERS

1—true. 2—true. 3—false. (In 1600's Galileo dropped two different weights from the Tower of Pisa that landed at the same time.) 4—false. (Solid fuel rocket motors estimated at more than twice as powerful as those fired by the Soviet Union were successfully tested recently by Thiokol. They produce 3,000,000 pounds of thrust.) 5—true.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) — It is somewhat ironic that the tobacco industry is being asked to finance a program which, if successful, would put the industry out of business.

For this is what AB2518, introduced by Assemblyman Byron Rumford, D-Berkeley, would do.

The Rumford measure stems from Governor Edmund G. Brown's commission which investigated the hazards of smoking cigarettes, and turned in a lengthy report to the governor. Among its many recommendations was one which asked control of cigarette smoking because it is a health hazard.

In addition to the Rumford measure, a series of seven bills designed not exactly to stop smoking, but to cause it not to start, was introduced by Assemblyman Newton R. Russell, R-Tujunga.

Four or these measures are concerned with programs of instruction in elementary school, and would require that health hazards of tobacco usage be included in the school curriculum.

Three additional bills by Russell would require that all cigarettes sold in California be labeled "Excessive Use May Be Injurious to Health"; fix responsibility for selling to minors on vending machines manufacturers and distributors, and establish a pilot withdrawal center for people who want to stop smoking.

The Rumford bill asks an appropriation of $250,000 to carry out its purposes. The Russell measure is more moderate, asking only $25,000. Either measure, if enacted, no doubt would call for much larger amounts in the future to carry out the purposes of the legislation, as it is a known fact initial appropriations are but the beginning of lengthy and increasing expenditures.

While where the money is coming from is not specific, it is understood that a portion of the proposed additional tobacco tax of five cents per package would finance the program. Actually, industry would pay no direct tax to wipe out its business, this would be paid by the public. But if the process of wiping out cigarette smoking were successful, the industry would be hit with no business.

But the chances for success are not very good in the forseeable future. There are no measures apparent, and not likely to be, which would prohibit tobacco advertising on the television, which carries the virtues of innumerable brands of cigarettes, and extols the pleasures of smoking.

Neither is there anything preventing billboard or newspaper advertising in the campaign against the weed.

To be consistent, the entire problem should be attacked on a mass basis. One doesn't fight a war unless one plans an overall attack, but the hazards of an attack on a national habit apparently frighten legislators from coming to complete grips with the issue. Anti-liquor drinkers tried this once, and how tehy failed is history.

Perhaps the fact that the nation has acquired a habit which is open to a health question is only poetic justice, or perhaps revenge on the part of the Indians of North America, from whom the early settlers acquired the taste for tobacco. After all, the white man took the land the Indians couldn't hold and may now be punished by tobacco hazards!

The U. S. Navy's USS Enterprise inaugurated a new type of carrier warfare in November 1943 by introducing night fighting in the invasion of the Gilbert Islands.

Galens Continue To Please At Lodge

CRYSTAL BAY—Now starting their second smash hit week in the Topaz Room Theater Lounge of North Tahoe's Nevada Lodge are the talented Galens quartet.

Three young talented musicians and a vivacious brunette songstress and dancer comprise the Galens with Charlene Knight—the exciting group that has been featured with such headliners as Liberace, Marlene Dietrich, Milton Berle and Judy Garland. The group's swinging and singing ranges from the old, old oldies through the songs of 'only yesterday' to modern twist tunes.

Now established through radio, television and recording dates (their "Baby I Do Love You" surged into Billboard's "top 100" hit list) the Galens are fast-rising "show-biz" veterans . . . . and a solid entertainment team.

Whether it's a nostalgic ballad, a sure-fire hit show-tune or an upbeat "pop" number that move you —the Galens "new sound" is guaranteed to strike just right the right chord of pleasure among North Tahoe show-goers.

Always a crowd-pleasing set of performers, the Galens with Charlene Knight will hold forth at North Tahoe's fun-center, Nevada Lodge, until May 16.

NEW AMBULANCE

TAHOE CITY—The Lake Tahoe north shore area will soon have a new 4-wheel-drive ambulance, according to Fire Chief Al Henry of the Tahoe City Fire Protection District. The new vehicle will replace a 12-year-old ambulance which has been used in the area.

EXAMINATION CALLED

AUBURN—The Placer County Personnel Department has set April 30 as the final date for filing for an examination for appraiser I. Applications may be made with the personnel department at Auburn.

Legislation Would Aid Local District

Senator Paul J. Lunardi announced today that he has introduced legislation that would amend the existing joint exercise of powers act and pointed out that while this act has been in effect for many years, "its scope is very limited."

The senator said that the joint exercise of powers act originally authorized public agencies to join together in order to build and finance certain public works. However, he said Senate Bill 1049 would broaden the act to authorize public agencies, such as the City of Roseville and the Truckee Public Utility District to unite with other cities or public districts to construct and finance sewer plants, water works, or other community utility service facilities.

"Today, the big economies in construction and operation are directly related to size and small agencies by themselves cannot afford to build facilities in order to take advantage of these economies of scale," Lunardi observed.

The senator also pointed out that this measure would undoubtedly be helpful to Los Angeles and several other cities in the Los Angeles area presently planning the financing and construction of a direct current line to the Nevada-Oregon borders transmitting surplus Northwest power throughout California.

APPROVE LAND EXCHANGE

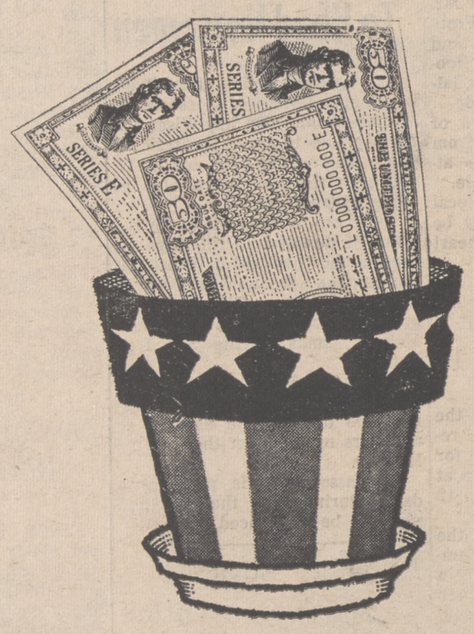
The Nevada County Board of Supervisors last week approved an exchange of 175 acres of Truckee river frontage to the U. S. Forest Service for land owned by the Flycaster Club. This exchange was consumated several months ago to clarify ownership, eliminate confusion by fishermen who had trespassed on private lands.

The giant grizzly bear averaged over a half-ton in weight.

TO FACE COURT

Walter Pensinger, 55, Truckee, arrested last week on a disorderly conduct charge and booked at the local jail, was taken to the county hospital for medical treatment but will return to face the charge before Judge F. W. Wilson when he recovers.

The U. S. Naval Academy was established in the fall of 1845.



Star-spangled way to make your money grow

Plant some of your cash in U. S. Savings Bonds and start your own private money tree. It won't mushroom overnight like a beanstalk. But once the seed is planted, it'll keep on growing at a steady pace.

You'll cultivate interest at a guaranteed rate—3¾% when grown to maturity—so your tree won't have any pesty ups and downs to stunt its growth.

The tax bug won't worry you, either. Savings Bonds aren't subject to state or local income taxes, and the federal tax can be deferred until you cash your Bonds.

The best thing about this money tree is the star-spangled fruit it bears. While your tree is growing, it's helping your country grow, too, and helping to make your own future more secure.

If U. S. Savings Bonds sound good to you, plant now. The growing season is year-round.

Quick facts about Series E Savings Bonds

- √ You get back $4 for every $3 at maturity
- √ You can get your money when you need it
- √ Your Bonds are replaced free if lost, destroyed or stolen
- √ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Buy E Bonds for growth—H Bonds for current income

TWO ARE APPOINTED ON ADULT AUTHORITY

SACRAMENTO — (CNS) — Governor Edmund G. Brown has announced the reappointment of Abelicio Chavez of San Rafael and Harry Martin Kamp, O. D., Kentfield, to the adult authority for four-year terms.

The appointments, which carry a salary of $20,500 per year, are subject to confirmation by the state senate. The adult authority acts on paroles and sets sentences under the indeterminate sentence law for adult male felons in the state correctional institutions.

Chavez is a native of New Mexico where he attended schools and was educated at the Universities of New Mexico and California. Prior to being appointed to the authority in 1960, Chavez was employed at Soledad state prison as a correctional officer, teacher, parole officer, and correctional classificiation officer.

Chavez lives with his wife, Anna, and daughter, Annetta, at 24 Maplewood Drive, San Rafael.

Dr. Kamp, San Francisco optometrist, was named to the adult authority in 1962. He is a native of Ione, where his father was assistant superintendent of the Preston school for boys. He is a graduate of the University of California. He and his wife, the former Eva Henry, and their three sons live on Laurel Grove Avenue in Kentfield.

Both men are democrats.

NEVADA CLAMPERS DEDICATION MAY 8

NEVADA CITY—The William Bull-William Morris Stewart Chapter No. 10, E Clampus Vitus, hosts May 8, a dedication and initiation ceremony at Nevada City and invites all Clampers to join in the festivities.

Noble Grand Humbug Bill Byars will officiate at the dedication for posterity the ancient Nevada City fire house. There will be a parade and refreshments. Registration will start at noon and there will be a slipper gulch and a feast including clampsteaks, beans ala northern mines and salad with crazy horse dressing prepared by Clampchef Charlie Kitts and his foodbutchers, Roy Dallugge, Bob Burns and Bill Roberts.

From Sierra—

Miss Karen Carroll enjoyed spring skiing here during the week's vacation from Sierra College. Miss Diane Silverii also visited her parents, Mr. and Mrs. Carmen Silverii during the college break.

The greatest naval engagement of World War I, the Battle of Jutland, was fought off the entrance of Skagerrak, May 31, 1916.

WASHOE PROJECT IN RECOMMENDED WORK

The California Water Commission has recommended that congress appropriate a record total of $167,024,800 during 1965-66 for flood control, reclamation work and planning in California. The recommendations, to be presented to congressional committees in the near future, are $20 million higher than the amounts already included in the president's budget.

Among the projects recommended is one for $562,000 for the start of the Stampede reservoir in the Washoe project. Also requested is $1,550,000 for the Nevada Irrigation District in Nevada County.

LOW BID RECEIVED FOR FREEWAY WORK

A bid of $1197.76 has been received by the state division of highways for installation of a metal guard rail along Interstate 80 in Nevada County about four miles east of Emigrant Gap.

Fiberaised Bar & Line Co., of San Rafael was lowest of seven bidders, according to officials at the Marysville district office.

The guard rail with reflectors will be installed at a curve near the Yuba Pass overhead to provide protection on the eastbound downhill grade.

Licenses Issued—

Frederick Freitag, 26 of Crystal Bay, Nevada, and Ellen Holt, 28 of Reno and David Brown, 35 of Kings Beach and Barbara Mott, 24 of Reno were issued marriage licenses at at Reno.

ACCIDENTS ON DRY SURFACE

Seventy per cent of accidents in the United States last year occurred on a dry road surface, reports the California State Automobile Association.

CAMPROCLAMATION

Local members of the E Clampus Vitus have been invited to a Clamproclamation to be staged by Sam Brannnan Chapter No. 1004 at Paradise April 24. This will be the first doings of the chapter since it received its charter.

RECORD EMPLOYMENT MARK SET IN MARCH

SACRAMENTO — (CNS) — A new record for March employment in the state was set last month with a total of 6,640,000 civilian employment, up by 179,000, or 2.8 per cent from a year ago, the state department of employment reported.

Uuemployment for the month was 472,000, a drop of 17,000 from mid-February but up 14,000 from a year ago. The rate of unemployment was 5.7 per cent, up from 5.5 per cent in February and the same as a year ago.

The European earwig was first discovered in the West in 1923 at Berkeley, California.

DONNER DOINGS....

By Marcella Corro

Telephone 587-3338

It was a "blue Monday" for the school children returning to their classes. I think they all enjoyed their vacation skiing, fishing and riding Hondas and Yamahas. Binbo King went to Shasta Lake with friends for a fishing trip but got rained out. Janet Corro and Jinnie Strobel enjoyed a train ride to visit Jinnie's grand parents in Palo Alto. They enjoyed the Japanese tea gardens and aquarium in San Francisco, Fairyland in Oakland and Playland in Fresno. Bruce King was busy polishing and repairing his Yahama and was ready to go but lost his balance on the pier and down went Bruce and his bike after him. So back to the repairs again.

* * *

The Donner Lake Volunteer Ladies Auxiliary will meet tonight (Thursday) at Donner Lake Lodge. Meeting time is 7:30. President Evelyn Alexander asks everyone to attend and bring a guest.

* * *

The latest fishing reports: the kokanee are hitting, but slow. Ken Osburn landed a 15-pound mackinaw—a beauty.

* * *

Our fish story for the week involves not only one, but two that got away, and also the one that was caught. Since Monday seemed just the right day for fishing, Robert Bezekmy and daughters, Sharon and Susan from Burlingame decided to enjoy the day trolling. Suddenly Susan had a strike and started reeling in slowly and steadily with dad ready with the net. And zoom, her pole bent over and the line pulled under the boat until 10-year-old Sharon was unable to handle it. So dad to the rescue, brought up a big mackinaw biting onto the kokanee which was hooked. When it surfaced the lunker let go and took a dive, leaving a slightly skinless kokanee to be netted by Susan. That could be good fishing—two fish on one hook.

SIERRA SKIING

By VI WHITE

Easter week was a lot of fun for skiers in spite of the changeable conditions. Special races and egg hunts went on as scheduled for the youngsters.

The warm weather caused wet snow or rain to fall throughout the week, but the deep snow pack will last for many weeks.

Most resorts will operate until May 2, but Powder Bowl, Mt. Rose, Slide Mt., Yosemite and Sun Valley, Idaho, have closed their areas.

* * *

Sugar Bowl has two races scheduled, a special slalom on Saturday in memory of Buddy Werner who was America's top Alpine racer, and the 23rd annual Silver Belt Giant Slalom race Sunday.

Many of the entrants from other countries and our U. S. National Alpine team will be competing.

We're all hoping for a nice warm sunny weekend of spring skiing.

* * *

At Mammoth Mountain the Westwood Trophy will be held Sunday for FWSA Juniors Classes I-V.

* * *

Future competition dates are: a Memorial Day race, May 30th, at Squaw Valley and another for July 4th also at Squaw Valley.

Land Estimated At $1 Million Shared In Divorce Action

SACRAMENTO—Land estimated to be worth nearly $1 million is included in holdings divided in an interlouctory decree of divorce granted in the Sacramento Superior Court to Mrs. Patricia M. Lewis in an action against her husband, Gerald E. Lewis, a Donner Lake area developer.

Besides a split of the property Mrs. Lewis was awarded custody of their 17 year old son with $200 monthly support payments, a home and furnishings at 240 Sandburg Drive in Sacramento, a 1963 model car, a small utility motor vehicle and life insurance policies.

In addition Lewis is required to pay $15,000 in fees to his wife's attorneys. She was represented by John M. Sapunor of the firm of Wilke, Fleury & Sapuner.

Other than his portion of the land Lewis was allowed a home on Lake Tahoe at Carnelian Bay, a 1962 car and a power boat.

The land involved consists of more than 400 acres in both Nevada and Placer counties along Interstate 80 at the intersection of State Highway 89. A portion of it is known as the Deerfield Subdivision. It is this which largely went to Mrs. Lewis. Another portion is under lease to a gravel firm and went to Lewis.

It was the Hungarians who first learned to dry plums for storage.

OASIS IN BERMUDA: "Water, water everywhere, nor any drop to drink." Like the Ancient Mariner, the British residents of the mid-Atlantic island Colony of Bermuda have no rivers or reservoirs to provide them with fresh water. But they do have wells and roof catchments, that collect rain water, and antique hand-pumps like this one at St. Peter's Church, St. George's Town. F.N.S.

Collision Dangers Are Cited By Club

Anyone for driving his automobile off a 16-story building?

Of course not, but the National Automobile Club asserts that many motorists are risking equivalent danger every day.

Statistics released by the NAC reveal startling evidence that an automobile colliding with a stationary object while traveling at 80 miles an hour hits with a force equal to that of driving off a 16-story building. At 60 miles an hour the impact will be the same as if the car had been pushed off a nine story building, while at 40 miles an hour the effect would be equivalent to careening from four stories.

NAC advises the next time you are tempted to increase your speed a little over the posted limit give these facts a thought, and ask yourself if you are really in a hurry to die.

Spiders can spin a thread one-millionth of an inch in thickness but most single threads are 10 to 20 times that thick.

Recreation District

(Continued from Page 1)

penses incurred while on official business.

Members would serve the same term as the supervisors who appoint them. Meetings would be held monthly or at the call of the chairman.

The commission would have the power to advise the board of supervisors and directors of existing recreation and park districts concerning promoting, aiding, encouraging and conducting public recreation. They could also advise the boards in planning, maintenance, development and operation of all recreation areas and facilities which are, or will be, owned, controlled or leased by the county or by any recreation district in the county.

At the request of the supervisors, the commission would prepare a budget providing the costs of the commission for the ensuing year.

WOULD PREPARE BUDGET

Such budget, under the short form, ignoring the fact that a recreation district now exists, could contain estimates and recommendations for such long-term capital outlay projects as may be necessary to provide for an orderly development of park and recreation areas and facilities.

This latter item could result in double taxation to provide facilities far removed from the Truckee-Donner District, Loehr explained.

The commission would also study and make recommendations on the subject of funds available to the county from federal, state or private sources for recreational development and suggest means of applying such funds.

BOARD COULD TAX

In other words, the commission would have only the power to advise and recommend, but could suggest parks and facilities which would require taxes, with the board of supervisors responsible for approving projects and establishing a tax to finance them.

The local commission, with local projects, currently has a 19 cent tax rate and several projects under study. The chairman, Dr. H. P. Tapia, says there is no intent of disbanning to accept a county-wide district, nor is there any intent of withdrawing opposition to the formation of a county district.

The latter, however, seems to be a forthcoming certainty.

Bill Will Eliminate Harmful Material In Vote Campaigns

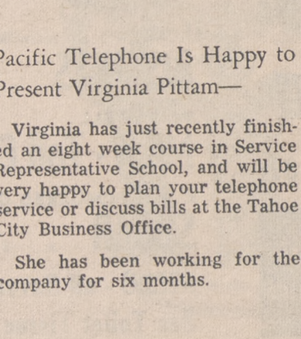
SACRAMENTO — (CNS) — Governor Edmund G. Brown has signed into law a bill requiring campaign literature designed to injure or defeat a candidate to bear the names of the persons or political organization officers responsible for it.

The measure was AB168 by Assemblyman Harvey Johnson, D-El Monte. Brown said the bill corrected a defect which led the California supreme court to declare prior similar legislation unconstitutional.

"This legislation should help ensure that future California campaigns are not muddied by anonymous character assassins who previously have gone nameless and blameless," Brown said.

WHAT'S DOING?

Safeguarding your service is one of our most important jobs. That's why telephone men always keep an eye out for large scale construction projects and other hazards which might damage underground or overhead telephone lines. You, too, can help protect your service (and your neighbors'), by watching out for buried cable next time you have occasion to use digging equipment on your property. Better yet, if you or your contractor have any questions, give our Repair Service a ring *before* you dig. We'll be glad to show you where our underground cables are.



Pacific Telephone Is Happy to Present Virginia Pittam—

Virginia has just recently finished an eight week course in Service Representative School, and will be very happy to plan your telephone service or discuss bills at the Tahoe City Business Office.

She has been working for the company for six months.

• • •

"Happy Birthday" may not be sung on the Bell Telephone Hour this month, but well it could be. This month the show—the nation's longest-lived nighttime network program—celebrates its 25th year of providing outstanding musical entertainment—first on radio, then on television since 1959. It can be seen every other Tuesday at 10 p.m. on the NBC network.

• • •

Did you hear about the store that ran an ad reading: "Further information on prices and merchandise may be obtained by telephone. A special lion has been installed for this purpose." Despite the misprint of "lion" for line, the ad does point up the fact that your telephone is one of the handiest things in your home. You can use it to run errands, get help—all kinds of things. And it's also nice to know that phone rates in California are among the lowest in the nation.

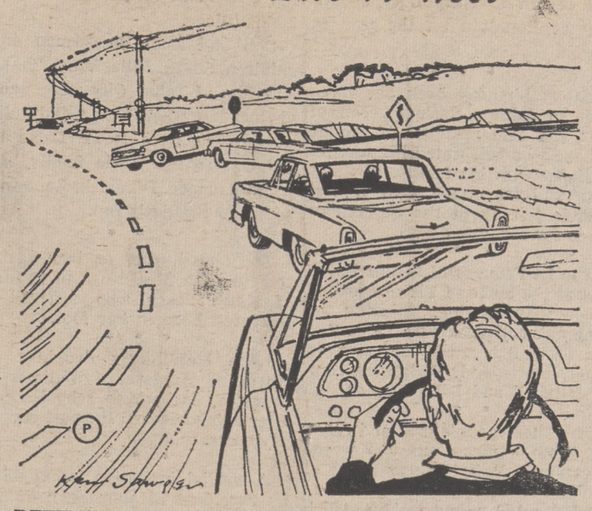
AUTOMOTIVE EXPORTS

The California State Automobile Association reports that almost $1½ billion was exported by U. S. automotive industries during 1964.

JOIN CHAMBER OF COMMERCE

Behind The Wheel



DEFENSIVE DRIVING—Always be alert to take the proper defensive action when there is a vehicle ahead of you, advises the California State Automobile Association. (1) Maintain a safe following distance (one vehicle length for each 10 m.p.h. of speed). (2) Watch traffic well ahead. Be alert for conditions that cause the driver ahead to stop suddenly. Heavy traffic breeds "chain-reaction" accidents. (3) Maintain a safe distance when pulling up behind a standing vehicle. It could roll back.

Fire Chief Warns Housewives Of Dangers In Cleaning Article Having Foam Rubber

Fire Chief Curtis Hart of the North Tahoe Fire Protection District, issued a warning to housewives today regarding the hazards of drying certain articles containing rubber in home dryers. He stated that many fires are being started not only in home dryers but also in those of commercial laundry and dry cleaning plants because of a peculiar property of some types of rubber.

Fire investigations and laboratory research by the state fire marshal's laboratory have shown that rubber in various forms, even when present in very small amounts, is capable of starting to heat spontaneously when subjected to fairly high temperatures. It is known that the temperature of ordinary laundry drying equipment is high enough to initiate this reaction under favorable conditions.

When operating properly, dryers present no hazard of fire so long as the materials being dried include common articles such as sheets, pillow cases, towels and the majority of clothing. However, many articles do contain varying quantities of rubber. Foam rubber is frequently used for shoulder pads in dresses and jackets, and sometimes for padding in various types of undergarments.

Special sheets for baby beds frequently are made of a layer of rubberized fabric with cotton flannel on each side. Many articles having a looped or piled surface, such as throw rugs and small pieces of carpeting have a rubberized backing. Knee or elbow patches on children's clothing sometimes are applied with a rubber-based adhesive. Chief Hart stated that articles of all these types have been responsible for dryer fires.

Foam rubber as used for cushioning appears to be especially susceptible to this spontaneous heating hazard. A foam rubber pillow was inadvertently left very close to a burning electric light bulb. About an hour later, the rubber was found to be smoldering, even though the cotton pillow slip did not show any signs of scorching.

In another case, an office chair with a foam rubber seat pad was left almost touching a wall heater. The next morning the rubber was found to be almost completely consumed, yet the plastic cover on the seat showed hardly any sign of burning.

In these cases, the articles did not actually burst into flame, but this might have occurred under somewhat different circumstances.

Like many spontaneous heating reactions, this one does not by any means happen every time, and in fact is the exception rather than the rule. Some articles might go through the dryer many times and not show any signs of spontaneous heating. "The trouble is, we don't know exactly how or why this reaction takes place," said the chief, "and there is no way to guess when it might occur."

Although the spontaneous heating reaction is started by the heat within the dryer, it can continue even after the articles are removed from the dryer. This depends on whether or not the heat from the reaction can dissipate quickly enough after the article is removed from the dryer.

Chief Hart offered the following recommendations to housewives, and to operators of commercial dryers:

1. For complete safety, do not machine dry any articles which might contain rubber. Air dry them at normal temperatures.

2. Even if something containing rubber inadvertently gets into the dryer, the fire danger can be minimized if the load is immediately removed from the machine after drying, and the articles separated so they can cool off quickly.

The chief asked that all dryer fires, no matter how minor the damage, be reported promptly to the fire department. Only in this way can especially vulnerable products be discovered and the manufacturers notified so that corrective measures can be taken.

MOTOR VEHICLE DEATHS

The California State Automobile Association reports that motor vehicle deaths in the United States averaged 112 per day last year.

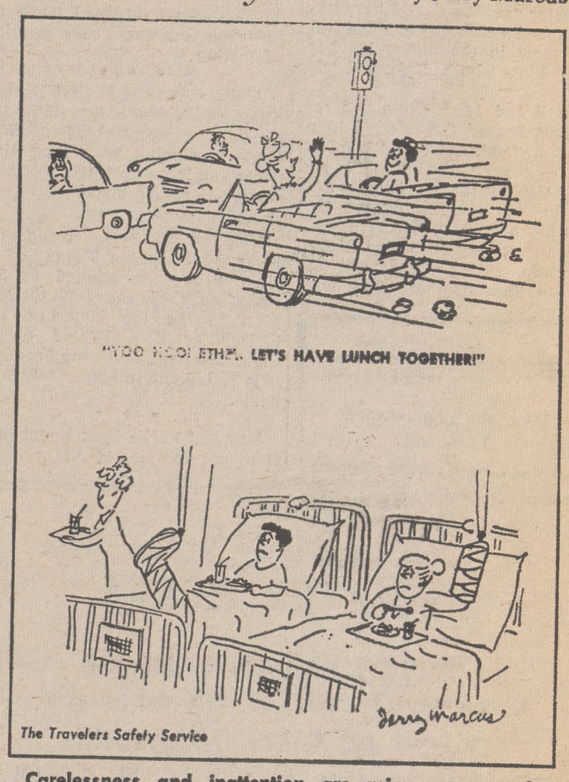
The fabulously rich Comstock silver lode was discovered in 1859.

The Sea Cliff district of San Francisco was developed after 1900.

The average 12-year-old child is familiar with the meaning of about 7,200 words.

The Olympic Games were originally for athletes who could pay their own way to compete.

The Casualty Count by Jerry Marcus



Carelessness and inattention are prime causes of accidents.

Easter vacation should have been postponed weatherwise. Wind, rain and snow in the mountains kept many home who had planned trips out.

Lloyd and Jerry Cross and son, Tommy, braved the blizzard to go to Disneyland. Snow and wind all the way over the Summit and when they hit the Los Angeles area got in the worst rainstorm that area has had since 1926.

However, they did enjoy Disneyland and visiting friends. Stopped by San Simeon where they were greatly impressed with the former Hearst home. Situated high on the mountain overlooking the sea, the castle is full of priceless heirlooms —tapestries dating back before the time of Christ, antiques—a must see.

The Crosses returned home via San Francisco where they vacationed further.

* * *

A get well soon to Carl Dyer of Kings Beach who is hospitalized at the Veterans Hospital in Reno. Wife Mary is staying with long time friends in Reno until Carl recovers enough to return home.

* * *

Mex and Mae Springer and sons, Rickey, Johnny and Tommy of Incline Village vacationed in San Francisco where they took the children to see the aquarium and Fleischacer Zoo. Visited former Crystal Bay residents, the Fred Fultons at Livermore before returning home.

* * *

Roy and Nellie Porath and sons, Ron and Dannie, of Kings Beach spent several days visiting Tom and Wilma Lucas at Citrus Heights. Ron will return to Navy duty aboard ship at Honolulu on the way to Saigon.

* * *

Happy birthday back on March 16th to Johnny Springer, son of Mex and Mae Springer of Incline Village who celebrated his seventh birthday with his family. Birthday cake and ice cream with several friends joining in the observance made for a happy day.

* * *

The Le Femmes of Incline Beach met at the home of Eloise Dumond Wednesday evening. Enjoying the evening's activities were Velda Farris, Terry Baker, who had a guest, Trudy Lewis, Judy Badatcher, Nancy Mitchell and Betty Fowler.

* * *

Back home, suntanned and relaxed, from a marvelous two weeks vacation in Baja is Terry Baker of Incline Village. While there Terry landed a 168 pound marlin, which was a great thrill.

* * *

Helene Leon of Kings Beach has joined the staff of Madolin Moseley's gift shop at Tahoe Vista.

* * *

John and Edna Kauffman and sons Randy and Jerry of San Jose visited with John's sister and family, Terry and Frank Baker at Incline Village.

Don and Joan Hauserman and children, Susan, Julia, Mary, Danny and Tim of Tahoe City were Reno visitors last week. Susan and Julia were home from Notre Dame at Belmont so the whole family had portraits made. Dinner in Reno was added to the day's fun.

* * *

The crutches are on loan again, this time to Mrs. Norman Orford of Kings Beach who suffered a fractured bone in her foot.

* * *

Lynn McWilliams daughter of Hugh and Margaret McWilliams of Brockway is back to school again after being home ill the past couple of weeks.

* * *

A cordial invitation is extended by President Eleanor Egan of the Women's Club of North Tahoe to attend the luncheon and card party on April 26th, noon, at the Sierra Tahoe's Pavillion. Two topics of business will be discussed, otherwise it will be all fun for the afternoon, a project for the year and the theme of the annual fashion show which will be held at the North Shore Club in July.

* * *

Kaye Felte and sons, Calvin and Mark, of Kings Beach spent the Easter vacation visiting Kaye's mother, Mrs. Kaye Langville in Seattle.

* * *

The John Barbanell's of Hollywood spent Easter vacation at their Kings Beach home.

* * *

The Charles Bulotti's of Hillsborough enjoyed Easter week at their Brockway home.

* * *

Dr. James Porter and family of Sacramento were at their Crystal Bay home for Easter vacation.

* * *

In case anyone should lose their calendar, they will automatically know it is May 12th, because, like the swallows returning to Capistrano, that is Vera Mosier's day to return to Lake Tahoe from Hawaii.

Vera's friends are all looking forward to welcoming her home.

* * *

Gary Wood visited his father and wife, Art and Gwen Wood, at Incline Village during Easter vacation. Gary is a student at Hastings in San Francisco.

* * *

Dick and Tony Lowden of Incline Village entertained Dick's sister and her husband, Mr. and Mrs. Harold Keith, and children Susan and Claudia of Beverly Hills for a week's vacation. The Keithes returned home by way of Palm Springs where they enjoyed visiting friends.

* * *

Tom and Theresa Sutton of Walnut Creek made a "flying" trip to Reno on business. Only had time to phone Theresa's sister, Jerry Rayburn, at Incline Beach. Tom and Theresa are now at the Bermuda in Oakland.

* * *

Welcome home to Gene and Ginny Parsons and children, Lonnie, Valarie, Stanley and baby, Paul, of Incline Village who spent the winter out. Gene worked at Nassau and Ginny and the children were at Fort Lauderdale and Miami where Gene joined them on days off.

Ginny's niece, Christine Day, made the trip with them and her parents, Mr. and Mrs. Herman Day of Walnut Creek went back to visit and return home with them also.

The whole family were completely captivated by Florida and had a marvelous winter. However, they are happy to be back home.

* * *

Opening his beauty shop at the Garden Motel shortly is Joseph who is back from a winter in Palm Springs.

* * *

Jack and Darlene Knorpp and children, Scott, John and Tammy, spent Easter with Darlene's parents, Mr. and Mrs. W. H. Miller at San Rafael.

* * *

Ground breaking ceremonies were held Saturday at Incline Village for the new bowling alley of Barak Wright and son, Carl, of Truckee. F. J. DeMaggio of Reno, secretary of the Bowling Association, "Miss Sierra SnowFlake," Linda Draney and escort, Gary Wood, were present as well as other dignitaries of the Crystal Bay Development Company.

* * *

The Crystal Bay Development Company had R. W. Porter and Pat Covill design a booth for them for the Reno Home Show. Assisting in manning the booth are Rod Campbell, Jim McCourry, Jim Warrington, Greg Engelhard, Bob Lee and Fred Schultz.

* * *

John and Mary Lou Gallagher and Stephen Jenkins of San Diego were Easter guests of Clark and Deede McKinney of Brockway.

* * *

William and Eleanor Egan of Brockway entertained his brother, Pat Egan of Encino who flew up to spend Easter.

* * *

Linda and Timmy Vieu of Sacramento visited her mother, Carol Harris, at Kings Beach last week.

* * *

Tina Slatkovski of Kings Beach is recuperating nicely at Washoe Medical Center in Reno, according to friends who have visited her.

* * *

Ray and Helen Ehlers and daughter, Candy, visited Helen's niece and family, Mr. and Mrs. James Kuhn and baby son Christopher Hans, at Visalia this past week.

* * *

Ray and Helen Ehlers and daughter, Candy, are looking forward to moving to a new home in Carson City when school is out. The Ehlers have lived at Incline Beach the past 18 years and will be missed. However, they have several acres on Kings Canyon Road and Candy will be able to have her new horse there.

* * *

Virginia Engelhard of Incline Village and Rosemary Lindsey of Tahoe City made a trip south—Virginia to Lemoore to visit daughter, Marilyn Simonsen and granddaughter, Linda—Rosemary on to Hemet.

Larry and Rosemary will be moving to Hemet shortly as Larry has accepted a position there.

Marilyn and baby, Linda, are moving to Lafayette as husband Al will be sent with the Navy for eight months duty in Viet Nam.

* * *

Nancy Engelhard of Incline Village visited friends in Las Vegas this past week.

* * *

Golf pro George Bayer was up from Pasadena to Incline Village to set up tournaments for the coming golf season.

* * *

Fred and Alysmae Schultz of Crystal Shores were happy to be back home after having a rainy vacation in New Orleans, up the Mississippi River, Scottsdale and to Carefree. Fred says he wasn'ts impressed with Big Muddy after the clear blue waters of Tahoe.

* * *

Fred Schultz, Carl Shaff and Dunham Seaton of Incline Village have received their brokers license in real estate and Bud Ogden his salesman's license for the state of Nevada.

* * *

Harry S. Hooper, former Kings Beach resident, has returned to his home in Reno after two months Naval duty in Washington, D. C. Reports he had a miserable trip weatherwise and was in one bad storm driving across country. He visited longtime friends, the Culps, in Spartenburg, N. C., and stopped over to visit the Gordon Smith family in Fort Worth, Texas, on the way back. Needless to say wife, Ceta, and sons, Jon and Charles, were happy to see him arrive home in time for Easter.

Cost Of Operationg Cars Remains Same

The cost of operating an automobile has remained virtually unchanged during the past two years, the California State Automobile Association reports.

Mileage cost—gas, oil, tires and routine maintenance—remain unchanged at 3.7 cents a mile. Fixed costs — depreciation, insurance and registration—are up slightly, amounting to $807 per year as against $792 two years ago. Much of the increase is accounted for by slightly higher insurance costs, according to the CSAA.

The costs are based upon operation of a 1965 eight-cylinder standard car of the lower price class. Following is a breakdown of the various cost elements:

Variable Costs	Ave. Per Mile
Gasoline and oil	2.58
Maintenance	.68
Tires	.44
	3.70
Fixed Costs	**Annually**
Fire and theft insurance	$ 31.00
Property damage and Liability $25/50/5M)	126.00
License and registration	24.00
Depreciation	626.00
	$807.00
Per Day	$2.21

For a car covering 10,000 miles a year, total costs would average out to 11.8 cents a mile, while a car running up an annual mileage of 20,000 would average 7.7 cents a mile.

The CSAA also said that vacation expenditures remain unchanged from two years ago. While en route by passenger car, two people can travel comfortably on a daily budget of $31 for necessity spending. This figure is based on 300 miles of daily travel, with the car averaging fifteen miles per gallon of gasoline. This budget breaks down as follows: $10.50 for meals and snacks; $11 for lodging; $7 for gas and oil, and $2.50 for tips and miscellaneous.

CHARGES DISMISSED

Disorderly conduct charges against William L. Hughes of Piedmont were dismissed in the Tahoe Judicial District Court on a motion by the district attorney. Hughes was charged by Jack Marquette, Squaw Valley security guard in January and entered a plea of innocent.

Paper (or paperwork) is claimed to be "the basis, the absolute necessity for bringing any country from an undeveloped to a developed status."

IT'S A FACT!

THE COIN OF THE REALM
The first coins struck in the U. S. were made from George Washington's household silverware. They were silver dimes — or "dismes" as they were then spelled — produced at the Philadelphia Mint in 1792 from the melted-down Mount Vernon silverware.
The natives on Yap Island still use one of the oldest forms of coinage — huge, round stones, one of which can be exchanged for 10,000 coconuts — or one wife!
IN GOD WE TRUST
LIBERTY
The world-wide coin shortage has spurred the search for new coinage metals. In France, gleaming new coins of stainless steel are the rage. And, stainless steel is being seriously considered for American coins. Tough, shining and wear-resistant, stainless steel has the capacity for fine design detail.
Z

'Good Samaritans' Warned To Leave Animals In Woods

California's well-intentioned but uninformed "outdoor Good Samaritans" received an annual admonition from the department of fish and game today not to remove baby animals from their natural wild environments.

With the coming of spring, DFG officials each year issue the polite warning that nature's annual crop of babies is not fair game for adoption by human visitors to areas of wildlife habitat.

DFG field wardens again this year have reported early cases of outdoor enthusiasts, having "found" infant fawns apparently abandoned in the forest, attempting to take the tiny creatures home as family pets.

Careful studies of previous such cases by DFG experts have shown, however, that most often these "lost babies" in fact are not abandoned. Their mothers, naturally reluctant to expose themselves to human intruders, often stand helplessly nearby as their offspring are taken from them.

People who may be inclined to take a protective attitude toward newborn animals are reminded that the young of most California wildlife species are protected by fish and game laws, and that possession of a spotted fawn is unlawful at any time.

These delicate creatures require expert care and feeding, and usually will not survive if taken from their mothers and their natural environment.

The Galiban Range in Monterey and San Benito counties was named for the Spanish word for sparrow hawk.

Work Completed On Truckee River

SACRAMENTO — (CNS) — The U. S. bureau of reclamation reported it has completed $780,000 in flood-rehabilitation work along the Truckee and Carson rivers to provide additional flood protection against possible heavy spring runoffs.

Repairs were made on 30 locations along a 50-mile stretch of the Truckee river, each averaging 1,000 feet in length.

Work at 22 sites along the 40-mile stretch of the east and west forks of the Carson river in Nevada, from Gardnerville to below Dayton.

The bureau said it is nearing completion on rehabilitation work on the Trinity river and its tributaries in the Hoopa Valley and in the Klamath Falls area on both sides of the Oregon-California border.

Increased Interest Reduces Earnings

Increased interest rates on deposits caused a decrease in the Bank of America's net operating earnings in the first quarter to $21,755,000, off 5.4 per cent from $22,989,000 in 1964. Per share earnings amounted to 76c as compared with 81c in the first quarter last year, President Rudolph A. Peterson reported to the bank's board of directors today.

In other areas the bank scored impressive gains over the comparable 1964 levels.

Deposits rose to $13,921,910,000, representing a gain of $870,048,000 over the total of $13,051,862,000 on March 31, 1964. Total resources were up to $15,400,545,000, as against the 1964 figure of $14,626,850,000.

INCORPORATION FILED

Articles of incorporation for Vind Brothers Construction, Inc., Truckee, are on file with Secretary of State Frank M. Jordan. The directors are listed as William H. Clark, Palo Alto, Charles F. Vind, and Jergen P. Vind, both of Truckee.

SNOW SURVEY SHOWS 111.6 INCHES IN AREA

BIG BEND—A recent snow survey by the U. S. Forest Service on the headwaters of the American river shows an average snow depth of 111.6 inches and this snow held an average water content of 58.7 inches.

The snow survey was taken on the Huysink snow course at an altitude of 6,600 feet. The run-off from this area feeds the north fork of the American river. Last year at this time there was 92.9 inches of snow holding 35.6 inches of water.

Big Bend District Ranger Richard J. Austin and Timber Management Assistant Max D. Williamson skied to the snow survey course. These surveys are made in cooperation with the California department of water resources. From snow surveys the department publishes information of benefit to various water users within the State of California.

JOIN CHAMBER OF COMMERCE

Two Suspects Held On Gun Charge

Two Winnemucca, Nevada, men, Glen K. Belt, 32, and John J. Figlinski, 30, were being held in the Truckee jail today following their arrest at 2:45 a.m. near Hirschdale by State Patrolmen Carroll Maynard and Art Kennerson.

The two were traveling in a car which answered the description of one involved in a robbery in Reno earlier in the morning. However, the car was going east and both men denied the robbery.

Maynard said a .32 calibre automatic, together with tools which could be used by burglars, including a drill. The two are held for possession of the gun and tools and further investigation, Maynard reported. Officers said the two are ex-convicts from Washington.

At Game—

N. F. Dolley was a spectator at the Tuesday baseball game at San Francisco.

Three Are Hurt In Car Accidents Here

Excessive speed for road conditions was blamed for two motor vehicle accidents, resulting in injuries to three people during the past week, the California Highway Patrol reported.

Hilmer Sorensen, 49, and his wife, Inga, 49, Concord, suffered major injuries and were taken to the Tahoe Forest Hospital by Truckee Ambulance Saturday at 1:45 p. m. when their car skidded 150 feet and went end over end into a snow bank at the Castle Peak interchange on Donner Summit.

Sorensen was cited by the patrol for not having his vehicle under control and exceeding a safe speed.

Lyle Louis Shuppy, 53, Alameda, was taken to the hospital Tuesday after he lost control of his car at the Donner Lake interchange on Donner grade, skidded and overturned. He was cited for driving at an unsafe speed.

AT FORT ORD

Mr. and Mrs. Clarence Osburn received a letter and recruit picture from son, Jim who is in basic training with the U. S. Army at Fort Ord.

BOARD MEETING

The regular board meeting of the Truckee Cemetery District will be held in the Nevada County Government Center Building on Monday, April 26, at 7 p. m. with the President Earl K. Stice presiding.

Bill Would Require County Engineers As Road Builders

SACRAMENTO — (CNS) — A bill to require all county road commissioners to be civil engineers squeaked by the assembly Monday and was given final passage.

The measure was SB50 by Senator Randolph Collier, D-Yreka. After being returned to the senate for concurrence in minor amendments, it will go to the governor to be signed into law.

In the assembly, members from rural areas objected that the bill would cause unnecessary expenses to the smaller counties.

Assemblyman John G. Veneman, R-Modesto, said the work of county road commissioners now has become largely administrative and there is no more need for the commissioner to be an engineer than there is for most heads of hospitals to be medical doctors.

Only assemblyman offering a strong argument for the bill was Assemblyman Leroy F. Greene, D-Sacramento, who is a registered civil engineer himself.

At the first rollcall, only about two dozen assemblymen favored the bill and about 30 opposed it. However, while the rollcall was held up, more members were convinced to vote for the bill and some of the "no" votes switched to "aye" to pass the bill by 44-25.

GREG MOORE, VICKI JONES WIN SKI MEET

SUGAR BOWL — Greg Moore scored a win in the Sugar Bowl Junior Giant Slalom races here during the weekend.

He was closely followed by Greg Dorland, Lance Poulsen and Dick Nielsen as the Lake Tahoe Ski Club captured the majority of the honors.

Vicki Jones, Lake Tahoe's national junior slalom champion, won the girls division, beating Patty Kelly of Sugar Bowl and Sandra Poulsen. Millie Ayers of the Sugar Bowl was fourth and Kitsie Morris of Sugar Bowl, fifth in the girls' division.

TRUCKING FIRM WILL FACE STATE HEARING

The California Public Utilities Commission has set the opening public hearing in the matter of investigation on the commission's own motion into the operations, rates and practices of Denio Bros. Trucking Co., a Nevada corporation.

Examiner Thomas E. Daly, will preside at the hearing which will be held Thursday, April 29, at 10 a. m. in the jury room, Justice Court Truckee.

Appearing at the hearing to represent the commission's staff and present its showing in behalf of the public interest will be Elmer Sposstrom, an attorney assigned from the legal staff of the commission.

At this time and place, or at subsequent hearings, all interested parties may appear and be heard.

Joanne Jellin Will Wed James Miller

Mr. and Mrs. Walter Jellin of Donner Lake announced the coming marriage of their daughter, Joanne, to James Miller of San Francisco.

The wedding will take place April 25, in the Miller family home with Miss Bonnie Finn and Bob Miller attending the bethothed couple.

The bride-elect graduated from Tahoe Truckee high school before attending Sierra College and San Francisco State College. She is presently employed in the bay city. Following the nuptials the couple will establish residence at Tiburon.

TWO BOYS, TWO GIRLS ARRIVE AT HOSPITAL

April 15, final date for the federal income tax returns, was the birth date for two little girls, arriving at Tahoe Forest Hospital. Mr. and Mrs. Hale Harkcom of Incline Village welcomed Linda Alma, whose birth weight was a half ounce over seven pounds. On the same day, Patricia Sue was born to Mr. and Mrs. Earl Davis of Tahoe City. Her weight was six pounds, 3 ounces.

Soloman Jay were the names given to the son of Mr. and Mrs. Peter Kessey of Truckee. The lad was born on April 19, initial weight 5 pounds, ¾ ounces.

Mr. and Mrs. Thomas Fred Dolley of Incline Village and formerly of Truckee greeted their first son and fourth child April 20. The infant's given names were not immediately learned but he tipped the hospital scales to 8 pounds, 3 and a half ounces.

VERDIS LEAVING FOR HOME IN WYOMING

Mr. and Mrs. Arnold Verdi are leaving for their ranch at Etna, Wyoming, and as weather permits, the Verdis will start construction of their new home.

Verdi will be associated with the Wyoming Cattlemen's Association as assistant brand inspector.

The Verdis returned to Truckee last November in order for Verdi to assume his duties for the winter as chief security officer at Squaw Valley.

HEALTH CLINIC

The next regular health clinic held on the fourth Friday of each month will be at the county government building tomorrow between 12 noon and 1 p. m.

From South—

Mr. and Mrs. H. C. Hall are returning to Donner Lake after wintering at Palm Springs.

Tonsilectomy—

Zachary, young son of Mr. and Mrs. Charles Kay underwent a tonsilectomy last week.

From Chico—

Miss Karen Smart and brother, Reg were home for the Easter holiday from Chico State College.

COURT REVENUES

Revenues from the Tahoe Justice Court for the month of March totaled $5,966.25, according to Judge Robert Fugazi.

Bay Visitors—

Mr. and Mrs. Paul Doyle and children were recent visitors at San Francisco.

To Auburn—

Auburn visitors were Mr. and Mrs. James Walker while Mr. and Mrs. Terry Walker were in charge of The Toggery, during their absence. Karen Walker was an Oakland visitor last week.

Back to U of C—

Steve Besio was home from his University of California classes at vacation time.

Recuperating—

Harry Stout who was injured in a tractor accident is improving his health and continuing recuperation treatments at Tahoe Forest Hospital.

Welcome Back—

After some time spent in Aspen, Colorado, the John Johansen address is again at Soda Springs.

Fishermen at Shasta—

The Clarence Osburn family returned early from a fishing trip at Shasta Lake when the weather became too cold for comfort.

To City—

Charles Glenn returned to San Francisco State College following a brief visit with Mr. and Mrs. Wilber Glenn.

At Bay—

The K. Palmquists who sojourned in Desert Hot Springs have returned to their Oakland home.

CARD OF THANKS

A thank you from a grateful shut-in. Thank you friends for the many cards, flowers and phone calls during my shutin days. Also for a job well done. Mary, Gladys and Stina.

DAISY FOOTE

COUNTY SHARES IN REGISTRATION FEES

Based on a population of 20,911, Nevada County during the first three months of this year received a total of $63,435 from the state motor vehicle license fee appropriation.

Of this total, also on a population basis, Nevada City with 2,383, received $10,041 and Grass Valley with 5,011 received $21,115.

Vacationers—

Mr. and Mrs. William Waters and sons, Barry and Bill spent the holidays at Las Vegas and San Francisco. Mrs. Bud Dumas was at the Truckee Mercantile, in the place of Mrs. Waters during that time.

Disneyland Visitors—

Mr. and Mrs. Charles Clatterbuck and sons, Charles and Russell, returned Monday from a pleasant trip to Los Angeles area where they visited friends and toured fabulous Disneyland.

Dear Mr. Lopez
Disturbing word has us that you have been strik your pet cat with a rolled-up newspaper. The accepted disciplinary procedure is to strike one's self with the newspaper while admonishing a wrongdoing animal. They are quick to learn from this harmless warning. We strongly advise you discontinue this mistreatment lest we resort to legal action in protecting this innocent little beast!
Doubtfully yours,
